

AmeriBen Disease Management

Are you able to do the
things you want to do?

Is your health holding
you back?

As part of your healthcare coverage,
we will help you understand and
manage your health!

Personalized Care for You and Your Family

When you enroll in the program, you will have access to a Registered Nurse Health Coach who provide education on how to effectively manage your health and is available to answer any questions or concerns that you may have.

Coordinated Care that Works for You

Through regular communication between you, your Registered Nurse Health Coach, and your physician, you will receive the support needed to follow the treatment your doctor has planned for you. Your Registered Nurse Health Coach will customize your care plan to compliment and reinforce your physician's treatment plan. Our program empowers you to be proactive with your care and treatment allowing you to live life to the fullest and giving you peace of mind.
