

Waived Co-Pays

If you are actively engaged in Disease Management program through

Ameriben Medical Management, generic prescription co-pays for the chronic conditions listed below are waived.*

NEW

Chronic Conditions Include:

Asthma, Coronary Artery Disease, COPD, Hypertension, and GERD.

*Only applicable at the City Employee Pharmacy.

Ameriben Medical Management program offers **personalized care for you and your family**. When you enroll in the program you will have access to a Registered Nurse Health Coach who provides education on how to effectively manage your health and is available to answer any questions or concerns that you may have.

Coordinated Care that Works for You! Through regular communication between you, your Registered Nurse Health Coach, and your physician, you will receive the support needed to follow treatment your doctor has planned for you. Your Registered Nurse Health Coach will customize your plan to compliment and reinforce your physician's treatment plan. The program empowers you to be proactive with your care and treatment allowing you to live life to the fullest and giving you peace of mind.

Call 1.800.388.3193 or email diseasemanagement@ameriben.com for more information.

The Disease Management program is confidential and provided to you at no additional cost.
